INSPECTOR GENERAL
77-2102

28^{SEP}
1977

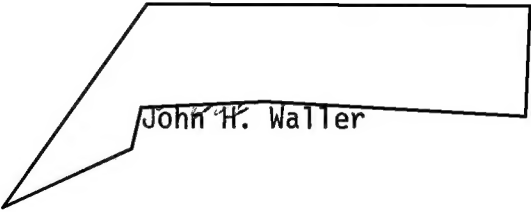

STAT MEMORANDUM FOR:
Assistant to the ADDCI

FROM : John H. Waller
Inspector General

SUBJECT : Requested Status Report

1. On 31 August you indicated that the Acting DDCI wanted to be brought up to date on actions that remained to be taken on recommendations from several of our surveys. You noted that this information was wanted by 30 September, if possible.

2. Because of their knowledge of the subject, it is our practice to involve the captains of the survey teams in the follow-up to recommendations. Since early September all associated with the surveys at issue have been overseas on new surveys and will not be back until mid to late October. Accordingly, we would like to defer our response to your request until 31 October. Doing so will permit us to provide a more complete and more meaningful response at considerably lower cost.

John H. Waller
